

A Pass the Hat Film Presentation  
of  
**ONE PUNCH HOMICIDE**

Inspired by a one punch homicide in Madison in December, 2008. A documentary that will reduce violence, crime, and murders, possibly more than anything in our time. It will reduce violence against everyone - the elderly, disabled, lgbt, children, women, and men.

*"This meaningful project depicts how these incidents ruin the lives of not only the victim's family, but in many cases those of the perpetrator. These senseless types of incidents result in the destruction of many lives of those individuals and families who were never even close to the scene of the incident. If you could get this documentary before the eyes of our youth, it could certainly and hopefully make someone think about throwing that punch in the heat of the moment that can change so many lives."*

*Arthur S. Lawson, Jr., Chief of Police Gretna,  
Louisiana*

*Much of One Punch Homicide is interviews with five inmates in five states who killed someone with one punch, and only one punch. You can learn more about the film and see a trailer from it at [www.onepunchhomicide.org](http://www.onepunchhomicide.org)*

*GLASS NICKEL (Eastside), 2916 Atwood Avenue,*

*Madison, 7:00 p.m. June 28th, 2012*

*Free, but the Hat will be passed after the show.*
